

In order to transfer to another BGYFL franchise (without playoff penalty) one of the following items MUST be met:

1. A player physically moves residences and their new residence is within a new BGYFL town or park district boundary. (The player can stay with his/her base franchise OR they can switch to the franchise that falls under the boundaries of their new residence.)
2. A new franchise is admitted to the BGYFL and the player's current residence resides in the newly admitted franchises town boundary or park district boundary.
3. The player's current franchise will not be fielding a team at the player's age or weight class.
4. A player will be allowed one change of franchises between his/her 5th and 8th grade season in order to align himself/herself with the boundaries of their future high school that they will attend OR a new Middle School/Jr. High. located in a different BGYFL franchise boundary. (There will be no flipping back and forth – one exemption for one move.)
5. President's Exemption – Both franchise Presidents agree to transfer and verify via their signature.

If a player transfers franchises and does not meet one of the above five exemptions than the player will NOT be allowed to participate in any BGYFL sanctioned post-season play. A signed transfer form must be presented to the executive board and cross referenced to the FINAL LAMINATED ROSTER by week two of the regular season. If a player does not have a fully signed transfer form on record with the BGYFL AND a confirmed "Yes" on the laminated roster (by week two of regular season) then the player will not be allowed to participate in playoff/super bowl games. Illegal participation, verified by the executive board, in playoff/super bowl games will cause the player's team to forfeit all post season play.
